## 5mL & 10mL Pipette Tips

ISO 9001

### Features

With wide compatibility, these tips are crafted to fit popular single-channel pipettors like Dalong, Brand, Eppendorf, and others.

These tips are manufactured using high-quality polypropylene, guaranteeing outstanding resistance to chemicals.

The tip provides outstanding clarity and includes well-defined graduations, simplifying the process of observing during pipetting.

Sterilized, free from DNase, RNase, DNA, heavy metals, and pyrogens.

### Raw Material

The tips are crafted from polypropylene, while the rack is manufactured from polycarbonate.

### Application

5mL and 10mL pipette tips are frequently employed across diverse laboratory tasks that demand meticulous and controlled manipulation of substantial liquid volumes. These tips find widespread applications in various fields, including cell culture, sample preparation, protein purification, serological testing, and more.
